1. Claims 1 and 3-22 are pending. Claims 12-22 are newly added. Claims 1, 12 and 19 are independent.

2. This application is in condition for allowance except for the following formal matters:

In claim 1, lines 11 and 12, "the each mounting clip" and "the mounting clip" lack antecedent bases.

Claim 1 is objected to in this Office action. Claims 3-11 are objected to as being dependent on objected claim 1.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. The following is an examiner's statement of reasons for allowance:

Claim 1 and its dependent claims 3-11 would be allowable. The examiner agrees with Applicant's remark that claim 1 as amended is not taught by Kerschner (U.S. Patent No. 6,098,947) because the pad (38) of Kerschner is not disposed between the clip and the mirror so that the clip does not directly contact the mirror as claimed in claim 1.

Method claim 12 and apparatus claim 19 each claim the feature of claim 1 discussed above. Claims 12 and 19 and their dependent claims 13-18 and 20-22 are allowable for the reason given for claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
